

# FRUIT TREE ASSESSMENT

- + Are your trees encroaching on other trees or hardscape? Y/N
- + Do you have deadwood (deadwood is leafless and is brittle)? Y/N
- + Do you have bugs or infestations? Y/N
- + Are your leaves free from pests, mold and other icky stuff? Y/N
- + Are your leaves discolored (healthy trees have an even green tone)? Y/N
- + Are there cracks, lesions or oozing on the trunk or branches? Y/N
- + Are suckers i.e. new shoots growing from the trunk? Y/N
- + Does the tree produce fruit? Y/N
- + Does the tree produce too much fruit or too little fruit? Y/N
- + Is the quality of the fruit satisfactory i.e. is there rot, cracks, holes and bugs, does it taste sour, or is the fruit too small? Y/N

**\*If you answered yes to any of the above, your trees need our service!**
